To Please the Palate

Our aim in serving meat—to retain the fine flavor Nature bestows, not to let it go to waste, as some meatshops do. With prolonging this true tale, it may be set down for a fact that here is to be found a first-class place to purchase beef, mutton, lamb, ham, poultry and game, to give your table good credit with household and guest.

Explained Her Woe

A Doniphan county woman who was ill and found herself in a trying position explained her woe to a friend. "You see my daughter Harriet married one of these homeypath doctors and my daughter Kate an allypath. If I call the homeypath my allypath son in law and his wife will get mad, an' if I call my allypath son in law then my homeypath son in law an' his wife will get mad, an' if I go ahead an' get well without either of 'em then they'll both be mad, so I don't see but I've got to die outright."—Troy (Kan.) Chief.

Buffalo Calves

Buffalo calves, as a rule, are born in April and May. They are active, vigorous little creatures, mild eyed as domestic calves, but possessing much greater strength and endurance. In a few seconds after birth they can get on their feet, and in twenty minutes they are fit to fight for their lives. Usually it is unnecessary for them to defend themselves at this tender age, as a buffalo cow is quite capable of attending to any business which may arise in connection with the defense of her precious baby.—Washington star.

Jas. N. Gillett for Governor

The nomination of James N. Gillett for governor by the Santa Cruz convention meets with the approval of the people of California and he will be elected by a substantial vote. He is essentially a man of the people. He began his career as a logger in the lumber camps of Humboldt county and through energy and hard study won his present proud position. Such men deserve success. The rest of the ticket made up of good men, many of whom are trained in the public service and are worthy of the entire support of the Republican party.

The nomination of Judge Henshaw for the Supreme bench and Judge Kerrigan for the Appellate bench is decidedly pleasing to the people of San Mateo county who know an honor them. Mr. Henshaw resides in Redwood City while Mr. Kerrigan is a former resident.

WOODSIDE CHIPS.

Mrs. C. K. McIntosch and children have returned home after a two week' sojourn at Santa Barbara.

Elsie Cushin the charming school mistress, has returned to San Miguel to resume her duties.

E. Hanson has returned to San Francisco after spending a two week's vacation with his folks.

G. Greely was a prominent visitor to the state fair from this place. He says the exhibitts were very good, but not as fine as other fairs.

The dance and entertainment to be given next Saturday evening promises to be well attended. Woodside rarely sees much in this line of amusement and the play is bound to draw a large house.

The little church at Portola has been whittened and a general overhauling given the premises making things look quite attractive about the little edifice.

Married a Pretty Girl

Joseph Edgar, the only son of Mr. and Mrs. John D. Edgar of San Quentin, was united in marriage at San Rafael last week to Miss Thornton, a beautiful belle of the metropolis. The groom holds a responsible position under his father, who is the Warden at San Quentin. The young man was born and raised in this city and has many friends who wish him and his handsome bride a happy wedded life. Mrs. Edgar is a young woman of unusual beauty and marked ability and a leader of the younger set in San Francisco society.

Marriage Licenses Issued

The following marriage licenses were issued from the county clerk's office this week: Henry H. Fuller and Ada M. Alen, both of San Francisco.

The men employed by the county on the roads and quarries in the second township present the following petition to the board asking a raise in their wages:

To the Honorable Board of Supervisors of the County of San Mateo, Gentlemen: We, the undersigned, at present in the employ of the County of San Mateo, engaged in quarrying and crushing rock in the quarry located at Beresford in the Second township and in loading, unloading and distributing said crushed rock on the county road in said Second township, do respectfully represent to your honorable board:

First. That there has been and is a general increase in the cost of living, particularly since the earthquake of April 18th, 1906;

Secondly. That the increase in cost of living has been and is now being met by the employers in this vicinity as well as elsewhere in generally increasing the daily wage of their employees; and

Thirdly. That the daily wage now received by us, which is similar to the daily wage in vogue before the earthquake of April 18, 1906, has lost and is gradually losing its purchasing power of the actual necessities of life as compared with the purchasing power of these necessities which it possessed before the earthquake.

In view of the above representations, we, your petitioners, respectfully request your honorable board to grant us an increase in our daily wage and that you establish, as the minimum daily wage to be paid to us while in the employ of San Mateo county, the sum of $2.50 per working day of eight hours, and that said rate of $2.50 per day be applicable on and after September 1st, 1906.

Dated San Mateo, Sept. 1, 1906.

The matter was discussed and it was the opinion of the board that the request was just in view of the high cost of living. On motion of Debenedetti seconded by Eikerenkotter the following scale of wages was established:

Laborers $2.50 per day, eight hours work; two horse teams with driver, $4.50; four horse teams, with driver, $6.50.

A petition was presented by A. S. Barron asking for permission to excavate for and lay a 3-4 inch water main along the main county road to connect with the San Mateo Water company's main at a point on the Hayward tract of land adjacent to McCann's saloon and to run to residence of petitioner near Beresford. Coleman spoke in favor of the petition and on motion of Eikerenkotter seconded by MacBain the prayer of the petition was granted.

A. Martin, San Francisco, was granted a license to peddle fruit and vegetables in the county on payment of the annual license of $50 On motion of Eikerenkotter seconded by MacBain

Mrs. Assunto Gianini of Colma petitioned for $8 per month to assist in the support of her three half-orphan daughters all of whom are under the age of 10 years. The petition was granted on motion of Eikerenkotter seconded by MacBain.

The petition of P. A. Roussell asking for a rebate on the purchase of the old courthouse building, it having been injured by the earthquake, was taken up. On motion of MacBain seconded by Debenedetti, the clerk was authorized to refund Mr. Roussell the sum of $100. Eikerenkotter voting no.

The following petition signed by V. L. Kellogg and others was presented by Attorney Hall C. Ross and Chairman Coleman set the first Monday in October as the day for hearing said petition.

The trustees of Sequoia High school reported that the sum of $6500 would be necessary to conduct the school next year, which will be raised by a tax of 12 cents, the same as the last levy.

Mr. Bullock explained to the board that he had been informed by Judge Buck that the old courthouse bell, donated to the county many years ago by J. V. Diller has disappeared from the old courthouse building after the earthquake. The location of the bell is known and Mr. Bullock said it was suggested by Judge Buck that it be donated to the Redwood City fire department as a relic of days of long ago. On motion of MacBain seconded by Debenedetti this action was taken by the board.

The matter of the courthouse plans were referred to the district attorney to report at the next meeting to be held Sept. 17th.

The report of the expert in the auditor's office was ordered filed.

Death of Little Isabella

Little Isabella, the 12 year old daughter of Mr.and Mrs. G. H.Thompson of the Canyada, and grand daughter of Mrs. Jake Kreiss passed away Sunday evening at her home as the result of a kick from a horse. The little girl was playing around the barn yard on Friday afternoon when she received the injury which resulted in her death.

The funeral took place from the Baptist church on Tuesday morning at 11 o'clock. Rev. C. C. Kirtland pastor of the Congregational church officiated and spoke what comforting words he could to the bereaved parents. The Sunday school class of which Isabella was a member attended in a body and six boys of the Sunday school acted as paul bearers. The remains were takenon the 12:03 train to Cypress Lawn cemetery where the interment took place.

Time Short for Registration

The time for registration of voters is pressing. There are but three week left. After September 26th it will be too late to register. Up to date less than 50 per cent of the voters of the county have registered. The fault lies wholly with the voters themselves. It is the work of a few moments only to get your name on the Great Register. There are deputies in every precinct ready to register the voters.

Stick to the Old Farm

An official connected with an eastern agricultural college has made a summary of the reasons given by 155 sons of farmers for abandoning the pursuit of their fathers. Sixty-two of this number said that farming does not pay. A strong argument can be made on the idea that it pays better than other forms of business. The secretary of agriculture has stated that the products of the soil in this country in 1905 reached a value of $6,000,000,000, which is a good deal of wealth to divide up as a reward in one industry. Several of the youngsters said the hours of labor on the farm are too long. No doubt they meant at certain seasons, but this is a detail open to adjustment. Twenty-six thought social advantages on the farms are not equal to those in cities, which is also a matter of opinion. Sixteen said they had a natural bent for something else.

Many of these young men are the victims of illusion, and, unfortunately, of a kind seldom cured except by experience. Probably they are not aware that 90 per cent of those who branch out into general business fail to achieve the positive wreckage in means, cumulate any considerable wealth, health and comfort is large. A farm is never monotonous to a good farmer. It is rather a book of fresh interest each succeeding day. A surplus at the end of a year is the rule on the farm; in the city a surplus is the exception, and the style of family living, on the whole, is in favor of the country. But statistics show that plenty of boys remain on the farms. The farming population of the United States in 1900 was four times as large as in 1850, and the value of their property increased fivefold, or from $4,000,000,000 to $20,000,000,000.—St Louis Globe-Democrat.

"The Three Wise Men"

There are plenty of stories written about boys' schools, but a story of a Catholic boys' school is rather uncommon. "The Three Wise Men," by John T. McIntyre in the September McClure's, is full of humor and charm. In this case it was not the Three Wise Men who were the seekers, but two desk-mates who had to write a prize essay upon "the three greatest men in the world."

"We two's gotta win," declares the more confident of the two.

"How can we?" protests the other. "We don't know who the the three greatest men was."

"We can find out. We'll ask people."

Accordingly they ask people, only to arrive at the deeply philosophical conclusion that who the three greatest men were, depends on whom you ask.

Nevertheless, in the end, the two boys won the prize. How they went about it and how they pulled it through is an amusing narrative, written with a thorough understanding of a boy's point of view.

Six New Suburban Cars.

Six of the new suburban cars of the United Railroads have been shipped from St. Louis, and four more will be put on the road today. When they arrive they will be at once used on the San Mateo line, and the cars now in operation on that line will be put in the city service. The new suburban cars will be of the finest make. Their interior finish is of mahogany. Heavier than the ordinary cars, they will be able to attain great speed and ride easily. In all twelve cars have been ordered, and are expected to be in service soon. The trials on the tracks in St. Louis were satisfactory. This class of cars costs $12,300 each.
